MUSCLE CAR POWER

Muscle Car Power Magazine is a quarterly publication focused on high-performance modified muscle cars from the '60s, '70s, '80s and '90s and up to current OEM market offerings. **Muscle Car Power** puts the pedal down hard and steers readers into the future of muscle cars with feature articles on classic machines with updated suspension, brakes and drive trains.

The package creatively shows the reader how to transform their poor-handling machine into a high-horsepower, corner-carving and superb stopping machine, allowing it to handle as good as it looks. **Muscle Car Power** is dedicated to the enthusiasts who drive their cars, drive them hard, want confidence behind the wheel as they lean on the pedal and pull on the steering wheel.

Every issue pins you back in the seat with detailed vehicle features, exciting action photos, and in-depth technical articles highlighting everything from engine swaps, suspension and brake upgrades and bodywork and paint. Mixed in with the feature vehicles and technical articles is event coverage from some of the muscle car scene's most important events. Enthusiasts not only show their cars, but also drive them on sanctioned road courses. Readership age ranges from 25-55 with an average income of \$77,500. A large percentage of the readership has an excess of discretionary income.

MUSCLECAR POWER
